# Best Practices When Registering

1. Take time to read the information on our event website **BEFORE** you register and decide what activities interest you. You can use the [excel spreadsheet](#) with a complete list of the full day, half-day, or quarter-day activities offered for the [Main Event](#), [Pre-Trip](#), and [Post-Trip](#).

Think about your [transportation](#) plan to get to/from the [Main Event](#), [Pre-Trip](#), and/or [Post Trip](#).

Decide what type of [Accommodation](#) you would want during the [Event](#) or [Pre-Trip?](#)

The registration website will have limited information about each activity with links back to the event website for more details. Therefore, avoid going back and forth between the two sites and decide BEFORE registering.

2. Please be kind to our **volunteer** registration team. Our event website is HIGHLY informative and answers most questions you may have someplace on our thirty+ pages of information.
3. CANADIANS: Please [CLICK HERE](#) for information on the registration and payment process. We're trying an experimental approach to allow you to pay in Canadian Dollars.
4. RegPack (our registration vendor) saves information in real-time. Refresh your browser if you get stuck in the process. Then log back into your registration. RegPack will take you where you left off.

5. Change your mind or want to go back to look at something during your registration? Then click on the progress bar on the top right corner of registration. Then click the page in question to revisit the page and make your changes. Please remember to REMOVE your initial choice BEFORE selecting another one.

6. Please check out [RegPack Purchase Protection](#). Then read [Mosaic's Cancellation Policy](#).
7. While it is possible to register via a small screen like a mobile phone, it is NOT recommended.
8. The registration process can take some time. Please allow about 30 minutes to complete. You can complete the process in more than one sitting if needed. Please note that we will delete incomplete registrations after 24 hours.
